

A family heritage since 1906

See the difference a century makes

Sinner Bros. & Bresnahan is a family-owned producer, processor and supplier of safe, reliable food ingredients to markets around the world.

Since 1906, we've been producing, processing, and marketing food grade products – and looking forward.

For generations, we've been adopting new technology, embracing new techniques, and perfecting them on our 4,700 acre farm in one of the World's most important agricultural regions – the Red River Valley. We share our knowledge with family who grew up in the business—cleaning, processing products or operating equipment.

Our history is agriculture. Our heritage is family. The result is a depth of knowledge and a level of service you won't find anywhere else.

Identity preserved products for customers around the globe:

- **Non-GMO Soybeans**
- **Organic Soybeans**
- **Conventional Wheat**
- **Organic Wheat**
- **White Sorghum**

A History of Innovation & Leadership

We constantly bring new concepts in plant production and the latest research to the field. We're minutes away from world-renowned breeding and research stations. We use global positioning technology, site-specific herbicides with minimal applications, registered, certified seed – and all of our products are traceable and trackable.

- **Our practices are designed to minimize food safety issues, increase quality and protect the environment**
- **Row planting enables mechanical cultivation**
- **Crop rotation naturally minimizes disease, insect and weed pressure**
- **Complete and accurate records of crop production**
- **Customized processing is state-of-the-art. You determine**
 - **Size of product**
 - **Size and type of packaging**
 - **Type of cleaning equipment to use**

From seed purity, to production, processing techniques, and beyond, we've been identity preserved industry leaders for many years, and our customers' products benefit from that deep level of expertise.

A Heritage of Reliability

Our customized production and processing – along with our service-minded thinking, ensures a consistent, safe and reliable supply of food ingredients.

- **We grow, process and market**
- **Products are grown to meet customer specifications**
- **Highly trained workforce**
- **Choose the varieties, processing and packaging that are right for you**
- **We never use products or techniques that put quality or food safety at risk**

A Tradition of Customer Care

At SB&B, continuity, product performance, safety, integrity and service to our customer are most important. We're proud of our products, and everything we do is a means to provide that pride to you, the customer. We listen carefully to understand your needs and then adapt a customized solution that is unique to each and every customer. Together, we grow and foster a lifelong relationship of honesty, trust and reliability.

SB&B Foods Inc. – a heritage of reliability – guaranteed satisfaction – innovation – customer care
